

Sujal Thakor

Aspiring full-stack developer

+91 7984704491 | sujalthakor.education@gmail.com

LinkedIn - www.linkedin.com/in/sujal-thakor17 | GitHub - <https://github.com/Sujal17-git>

Objective

To contribute as a web developer in a tech-driven company by building scalable web applications and enhancing skills in responsive design, performance optimization, and full-stack development using modern frameworks.

Experience

AI & ML Intern – Elevate Labs

April-2025 – May-2025

- Trained in EDA, model building, and evaluation using Python and ML libraries
- Built a personalized movie recommendation system as capstone project
- Gained hands-on experience in data preprocessing and ML workflows
- Awarded **Best Performer** during AI & ML internship at Elevate Labs

Skills

Web Development: Django, Flask, HTML, CSS, Bootstrap

Backend & Database: MongoDB, Express.js, SQLite

Mobile Development: Flutter

ML & Data Science: Pandas, Scikit-learn, EDA, Model Evaluation

Tools & Platforms: Git, GitHub, VS Code, Postman

Projects

Course Craft – Learning Management System

- Developed a full-stack role-based classroom management system enabling teachers to manage content and students to access and submit assignments.
- **Tech Stack:** Django, Bootstrap, SQLite
- Repo link - https://github.com/Sujal17-git/Course_Craft.git

Cine Buddy – Smart Movie Recommendation System

- Built a movie recommendation system using ML techniques like collaborative and content-based filtering.
- **Tech Stack:** Flask, Machine Learning, Pandas, Scikit-learn
- Repo link - https://github.com/Sujal17-git/Cine_Buddy.git

Academic Details

- Master Of Computer Application – Faculty of Computer Application and IT **2024 – Present**
GLS University || Ahmedabad, IND || Percentage – **85.75%**
- Bachelor Of Computer Application – C.U. Shah Institute of Computer Application **2021 – 2024**
Gujarat University || Ahmedabad, IND || Percentage – **76.52%**
- HSC – Diwan Ballubhai Madhyamik Shala **2020 - 2021**
GSHSEB || Gujarat, IND || Percentage – **68.66%**

Certifications

- Completed **GenAI-Powered Data Analytics** Job Simulation by **Tata Group** on Forage.
- Completed **Flutter Masterclass** course on **Udemy**, focused on mobile app development.
